## Permitted Uses

A Direct Control (DC) is a customized land use designation. It has a list of allowable uses and a set of rules specific to a particular property or development. Most DC designations include a cross-reference to the rules of one of the standard designations of the Land Use Bylaw (e.g. R-1, R-2, I-G, etc.). A road right of way (i.e. a public road) has no legal description and no land use designation. Therefore, a road right of way is 'undesignated'

### Land Use

The land use shall be for a business management office and a residence located in the building existing on site on the date of approval of this by-law only

### (1) Purpose

The Commercial — Community 1 District is designed to support small to mid-scale commercial developments within communities or along commercial streets. It encourages mixed-use buildings with commercial, office, and residential uses, allows for motor vehicle access, and promotes strong pedestrian connections. The district emphasizes thoughtful building placement, setbacks, and landscaping to minimize impacts on nearby residential areas.

### (2) Permitted Uses

The following uses are permitted uses in the Centre City Mixed Use District if they are located within existing approved building:

- Catering Service — Minor;
- Convenience Food Store;
- Fitness Centre;
- Health Care Service;
- Home Based Child Care — Class 1;
- Home Occupation — Class 1;
